

# Company Profile

Seacera a pioneer manufacturer of vitrified homogeneous porcelain tiles in Malaysia. Since our inception we have strived to develop a reputation for superior quality and delivery reliability. Utilizing progressive manufacturing processes with Italian machinery and technology, we are focused on producing high quality tiles in various formats, textures and finishes. Together with an efficient delivery network, we have been able to meet the unique requirements of our customers and have since established a loyal customer base.

In 1998, we embarked on the production of decorated textured porcelain tiles and have since gained recognition for this range, establishing a strong domestic and export market presence. The company is poised to expand its range of decorated tiles by further enhancing its manufacturing facilities and the adoption of new production methods.

At SEACERA, the assurance of quality is a fundamental aspect of daily production routine and top quality tiles are the corner stone of SEACERA products.

The Tiles Division are equipped with modern and up-to-date laboratory facilities for research and development and quality control to ensure that SEACERA products meet the highest possible standards and to keep abreast with the latest developments
